Programme Management Course

**A 2 day course giving you what you will need to
establish and manage a programme**

Objectives: At the end of the course you will be able to:

- understand what is required to effectively set up and manage a programme
- demonstrate the value in having a structured approach to managing programmes
- manage programmes successfully and deliver their planned benefits

This course is for anyone who is:

- introducing programme management into their company
- wants to develop the skills and knowledge to a range a programme of work
- those in the project office who want to go a step beyond project management

NOTE: *we can arrange for you or your colleagues to attend a Managing Successful Programmes (MSP) course if you wish.*
